Bragd

The Art of Apprenticeships

This apprenticeship in Logistics Operations at SCQF Level 7 will help you to acquire and develop competence in the day-to-day management of logistics operations.

Whether it's overseeing the movement, safe handling and storage goods, or developing a general understanding of the relevance of your role in maintaining the supply chain as a whole, we can help.

MORE INFORMATION

Our programme will give both new and experienced staff the skills and confidence to handle a range of management tasks such as planning, allocating and monitoring work, identifying and leveraging strengths and creating, supporting and motivating a team.

Through a combination of assessing, training, coaching and mentoring you get maximum results with minimal disruption.

YOU WILL COMPLETE

1. Eight bite-sized modules teaching theory and practical applications through a combination of online learning and virtual or practical classroom workshops.
2. A range of work-based learning and project activities to give you the opportunity to put into practice the knowledge and skills you've learned in a 'tried and tested', practical way
3. A portfolio showcasing how you've implemented and demonstrated the skills you've learnt in real work activities
4. Activities specially designed to achieve the five core skills needed to acquire funding in Scotland.

These core skills are working with others, problem-solving, numeracy, communication and ICT.
