The Art of Apprenticeships

This apprenticeship is ideal for those working as first line managers, assistant managers, trainee managers, senior supervisors and anyone who needs to lead people through organisational challenges such as change or performance improvement.

You will also have the opportunity to become a member of ILM and achieve the ILM Level 3 Diploma for Managers.

WHAT DOES 10:20:70 MEAN?

To give you the best possible apprenticeship experience, we use a 10:20:70 structure to plan your 'off-the-job' time as follows:

10% is made up of virtual or face-to-face workshops that provide an interactive 'kick start' to each topic

20% is made up of online study using our virtual learning platform as well as individual coaching and mentoring sessions and self directed learning

70% is made up of a range of 'knowledge-into-practice' work-based activities and projects, where we work with you to apply your new knowledge and skills in the real world.

This all prepares you for a smooth transition into your end point assessment. **What's not to like?**

TEAM LEADER OR SUPERVISOR

AS PART OF YOUR PROGRAMME, WE WILL ALSO:

Develop your confidence so that you can effectively use technology such as Office 365, coach you and provide you with feedback on your management and communication styles, provide you with a Belbin team role profile and give you the complete range of skills you need to become a more competent manager.

Our success rates talk for themselves but talk is cheap. It's the doing that counts and we can do.
